

5.0kW Cromtech Welder Generator Trade Pack (CTGW200TP / TGW200RPT)

A convenient combination of both Arc Welding and power generation.

This Cromtech welder 200 Amp is for general purpose use and comes with a Trade-pack. Ideal for tradies, contractors and farmers it suits an operator that needs to do quick on-site welding repairs.

The unit can also be used as a 5.6 kW (max.) generator for powering medium-sized equipment like grinders, drills, lights and for backup power.

Trade-pack makes it site safe and ready to use with IP66 weatherproof outlets with RCD protection, two wheels, lifting bar/hook, and also fold-out transport handles. Customization options include; powered by Honda engine, electric start, and trade-pack.

Note: Photo shown is without Trade-pack.

Hire Pack consist of
