# 4.5kW Westinghouse Digital Inverter Generator (iGen4500)

Westinghouse digital inverter generators offer you the ultimate in portable power convenience. Power - when you need it - where you need it!

Lightweight, fuel-efficient and quiet, their mains-quality electrical output can safely power all of your sensitive electronic equipment. They're an essential part of your gear for caravanning and camping and also great for home as a backup power supply.

The iGen4500 is the ultimate in portable power for your RV or home backup. It offers a class-leading maximum power output of 4,500 Watts that's accessible via effortless one-touch electric starting. And it's easily portable thanks to the ergonomic lifting handles and Never-Flat wheels.

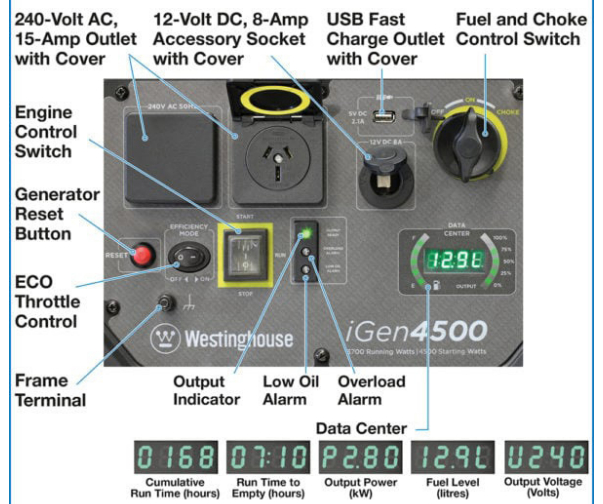

The iGen4500 is also a better value, more reliable and safer alternative than operating a pair of smaller generators in parallel.
